Article

Utterance Content Analysis regarding Idea/Conception of Children in Arts and Crafts Classes in Elementary Schools (grades 5 and 6)

FUJII Kanako 1

Relationship between motivations for learning and school-based extracurricular activities in junior high school students

KAWANAKA Shion , SUZUKI Masayuki 11

Social Distancing Game in Corona Pandemic : Collaborative net-type ball game among diverse learners

UMEZAWA Akihisa, TSUYUKI Takao, SAKAMOTO Kohei 19

The research on university student's actual understanding of electric current and voltage

HIRASHIMA Yumiko, ICHIKAWA Yusuke, TESHIMA Ayumi, MIYAO Ayako 29

The motivation support strategies based on cognitive and affective systems in science classes

SAITO Noriaki, KATAGIRI Daiju, WADA Ichiro 39

Promoting Self-Regulated learning in Science Classroom Through Formative Assessment –Using Rubrics for Children's Self-Regulation—

KATAGIRI Daiju, WADA Ichiro 48

Child-Rearing Characteristics of Chinese Family Living in Japan: Compared with Mainland Chinese Family and Japanese Family

XIAO Xinyi, SONODA Natsumi 58

Relationship between Past Experiences of Bullying and Current Mental Health in University Students

WATANABE Kenzo, HORII Toshiaki 66

How Japanese College Students in Teacher Training Course Cope with Intercultural Conflict: Analysis of Discordance in a Student's Narrative on her Language Supporter Experience

ISHIDA Kimi, HANZAWA Chiemi 76

Proposal of attaching a suction fan on Obi sash to improve the thermal comfort in wearing a Yukata

OYA Sachie, SATSUMOTO Yayoi 86

Effect of potential goal representation in performance improvement

KANDORI Yukimi, HAGIUDA Nobuko, SUZUKI Tomoko 95

Survey on the concept image of calculus in high school students -Focus on the relationship with learning strategies-

KOBAYASHI Yuichi , IBARAKI Takanori 104

- Achievement assessment for "re-learning" of compulsory education at Kanagawa prefectural high school - Test analysis using latent rank theory and creation of Can-Do-Chart -
OHASHI Ryoga 114
- The Influence of Viewing Lesson Videos in the Home on Learning in Elementary-School Physical Education —From the Cooperative and Creative Practice of Expressive Movements—
YANABE Hirokazu, UMEZAWA Akihisa 124
- Relationship between Planned and Interactive Formative Assessment during Problem Solving in Science
YAGINUMA Yusaku, HIGUCHI Hirona, WADA Ichiro 136
- Comparison of Different Instructional Strategies to Create Active Learning in High School Mathematics —Through the Practice in the Introduction Period of Neriage Method and Jigsaw Method—
SHIMA Tomohiko, WATANABE Yuki 145
- The relationship between ideal teacher image and verbal interaction with students in failure —From a survey of teacher training students—
AOSHIMA Hiroki, MIYATO Miki 155
- Damage situation and earthquake response of special education school in 2016 Kumamoto earthquake: From a questionnaire survey to managers
GOSHIMA Osamu, TAKANO Yousuke, IZUMI Mayuko 164
- Effects of continuous "praise" in the lower grades of elementary school
MUKUTA Miho, TAKANO Yousuke, IZUMI Mayuko 172
- The characteristics of " Shuangshi teaching " in public schools in China ~Taking the practical cases of the Affiliated High School of Renmin University of China as the center~
TIAN Xiaoyan, NONAKA Yoichi 182
- Experiential Learning and Efficacy of School Leaders
KIMURA Mitsuru, WAKIMOTO Takehiro, MATSUBARA Masatoshi
HIRANO Tomoki, NAKAO Noriko 190
- A Study of the Relationship between STEM Education and Maker Education in China: Taking Maker Education in Zhejiang Wenzhou High School in China as an Example
HU Qihui 198
- Design and evaluation of workshops to motivate teachers to practice of “The Period for Integrated Studies
SUZKI Noritomo 208
- Development of e-portfolio at Yokohama National University
NONAKA Yoichi, HU Qihui 218
- A Study on the Current Status and Methods of Team-Based Mentoring -From the analysis of the survey on the implementation status of mentor team in Yokohama City in FY2018
YANAGAISAWA Takatoshi, WAKIMOTO Takehiro 225

- An Analysis of Experiential Learning and Growth of Vice-principal
WAKIMOTO Takehiro, HIRANO Tomoki, NAKAO Noriko 235
- Practice and Evaluation of Yōkai Making Workshop: Methods and Techniques of Cultural and Media Literacy Education for Elementary School Parents and Children
YAMADA Hirokuni, WAKIMOTO Takehiro 243
- Development of Augmented Reality for Education in China: through Literature Research from the Year of 2010 to 2019.
SHI Zhenni, HU Qihui, NONAKA Yoichi, MORITA Yusuke 253
- The educational program which considers the role of the clothing including experiential learning
KAZAMA Rie, SATSUMOTO Yayoi 263
- Proposal of “Quick Daily Musical Exercises (常時活動)” with the Intention of Connecting "Knowledge" and "Skill" ~Principles of "Basic Learning" and Its Practice in Elementary School Music Education ~
ICHIJO Shoko 273
- The Influence of Barometric Pressure Changes on Abdominal Pain and Headache in School Children: Focusing on care in schools, for children suffering from meteoropathy
OKADA Keiko 283
- Examination of Difficulties and Needs for Advancing to High School and Supporting High School Life by Questionnaire Survey of Parents with Physically Handicapped Children
TAKANO Yousuke, GOSHIMA Osamu, IZUMI Mayuko 291

Special Contributions

About Opening of the New Kanagawa Prefectural Education Center Building~The role of the New Kanagawa Prefectural Education Center, which Integrates Research, Training, and Consultation Functions~

TANAKA Toshiho, SATO Itaru 1

A Study of Standard for Teachers' Professional Development and Teachers' Training

YAMAMOTO Tomohiko 5

Research Notes

Learning assessment of think, make judgements, and express themselves on Japanese language for students with mild/moderate intellectual disabilities

MIYANO Yuta 14

Development of anxiety with school life and coping scale

TANAKA Miyuki, OKAYASU Takahiro, TAKAMOTO Masahiro 24

Exploration of mathematics hidden in the Tokyo Olympics emblem Through activities using pattern blocks

OHTA Masahiro 34

A Study on the Formation of Mathematical Concepts Focusing on Metacognition

KATSURA Kentaro 42

A study of the relationship between understanding fractions representing quantities and understanding addition and subtraction using fractions representing quantities

OSATO Rina 50

The effects and possibilities of "Kuchi shōga" in learning traditional music in the Department of Music

LI Xiang 58

Approach of Education Counseling Center in Kawasaki City Education Center~To Enhance School Support and Consultation System, and Promote Research and Training~

MATSUZAKI Hiroaki 68

The Current State of School Management and Efforts to Resolve Issues of High School with Part-time Course~Reflection on Practice as the Principal of Yokohama Suiran High School from the 2015 to the 2018 School Year and as the President of the School Management Council of Yokohama Suiran High School in the 2019 School Year

SATO Itaru 76

A Case Study of Curriculum Management for Improving the Quality of the Period for Integrated Studies

SAKAE Hideyuki 82

Reports

Results of the 2019 annual questionnaire on the graduate students' future careers

SUZUKI Masayuki, OJIMA Shiro, GOTO Takaaki 89

Results of the 2019 annual questionnaire on the undergraduate students' future careers

SHIMOJO Hajime, SHINTANI Yasuhiro, YAMAGATA Saeko 95

Results of the 2018, 2019 questionnaire on "Experience in Elementary Education A, B, C" in College of Education, YOKOHAMA National University

KITO Akihito, TAKASHIBA Asako 104
