

CONTENTS

Vol. 60, 2014

	Page
Bend-formulas in some sphere-systems by H. Maehara	1
Oscillation criteria of difference equations with several deviating arguments by G. E. Chatzarakis, J. Manojlovic, S. Pinelas, and I. P. Stavroulakis	13
The stationary measure of a space-inhomogeneous quantum walk on the line by T. Endo and N. Konno	33
A one-dimensional Hadamard walk with one defect by T. Endo, N. Konno, E. Segawa, and M. Takei	49
U -statistics and U -processes based on weakly \mathcal{M} -dependent data by K. Yoshihara	91
Local subgraph structure can cause localization in continuous-time quantum walk by Y. Ide	113
